BURRATA

Like a modern work of art, our Burrata Model is a stream-lined custom-designed home with over 4000 square feet of opulence. Enjoy this spacious open-concept home that features 4 bedrooms plus study, 4 full-baths, 1 half-bath, and an over-sized 4-car garage. We invite you to live in luxury everyday in your family's contemporary, yet intimate retreat.

The spectacular Burrata model home features four bedrooms plus a study, four full and two half baths, along with a four-car garage. Beyond the generously sized foyer, a grand room is flanked by a gourmet kitchen with an expansive island and two dishwashers on one side. This space is adjacent to a dining area with an optional wet bar, while the nearby study can be modified for a formal dining room and the proximate laundry room is equipped with a second refrigerator. The master suite is highlighted by a private sitting area, dual water closets and vanities, a freestanding tub, and a walk-in shower with tempered glass. The massive outdoor living area debuts an optional kitchen with a gas grill and hood, a lounge space with an optional two-sided gas fireplace, as well as a customized pool and spa.
